

## DHISCO shop

On any given night there are close to one billion hotel rooms available in the world. As a hotelier, you wonder how a traveler will ever find your property and how you'll sell your rooms. As a distributor you're concerned with how to access the entire available inventory and provide the best option for travelers.

DHISCO has the answers. We understand the value of a room night and the challenge of reaching travelers with just the right offers. As the largest processor of electronic hotel transactions, DHISCO Shop provides supply clients with comprehensive distribution options and demand clients with unparalleled access to rooms and content around the globe.

### managed traffic and total pricing view

The key to successfully selling room nights is reaching travelers quickly with just the right detail.

DHISCO Shop provides exactly that.

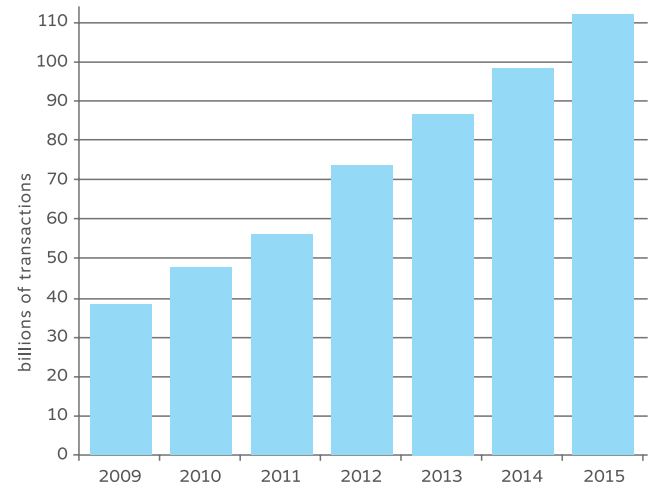

- Returns key decision content including negotiated rates, critical policy details, varied room types, amenities and child-specific rates
- Returns total pricing which allows travelers to review nightly rate information including taxes and hotel surcharges for the cost of the stay
- Manages high volumes of shopping queries with our transaction volume control feature, ensuring your CRS remains active

### broadest exposure with a single connection

Demand and supply partners of all types benefit with the volume and depth of properties available with DHISCO Shop.

- Offers the largest room inventory and greatest distribution coverage, all with a single connection
- Increases distribution opportunities, without the need for new IT development or implementation resources on your part
- Provides hoteliers with the broadest exposure to all distribution channels including OTAs, meta search engines and the top four GDSs
- Presents demand clients with access to over 100,000 properties

Whether you are a supply or a demand client, DHISCO Shop provides a one-to-many connection: simplifying implementation, connectivity management, distribution, and traveler engagement. Let us show you how we connect you and your business to the world's travelers.
